\* After submitting an address change, please print the Address Change Checklist (available on the next screen) with regards to other carriers you may need to contact regarding your address change.

### Address Validation Protocol:

Upon submit, QAS will validate the address. If the address passes through the QAS process, the validation status will show as verified. If the address entered is unable to be validated by QAS, a pop-up box will appear with a drop down of valid addresses for you to choose from. If you select Keep Address, the validation field will change to Skip Validation, which will allow you to accept the address as entered. If you enter an address that QAS is not able to validate, the

following message will be received: The address entered could not be validated. Please confirm that you have given a valid street address and select return. Once you select return, the validation status will appear as declined and the address will be saved as entered.

To verify your campus address, select the radio button in front of campus. Your campus address includes building and room, department abbreviation, and local title. To request an update of your building and/or room number, e-mail Lori Barry, [barryla@buffalostate.edu](mailto:barryla@buffalostate.edu) or complete the Directory Add/Update Form available from the [HR website](#). Local title updates must be routed for approvals through a Current Employee Change Form.
